

# ORTC Global Industrial Bike Rack

## STADIUM BIKE RACKS Unassembled 8 Bike Rack

Bike racks are great for use around stadiums, parks, athletic fields and more. U-rail bike rails allow double sided bike storage. Stores bicycles in upright position. Black powder coat finish. Unassembled racks are made using 1-5/8" diameter x .098 thick tubular steel. U-rails easily attach to U-channel base rails for assembly. Base rails allow freestanding, portable use or can be anchored (mounting hardware not included).

U-Rails Easily  
Attach to Base  
for Quick Assembly

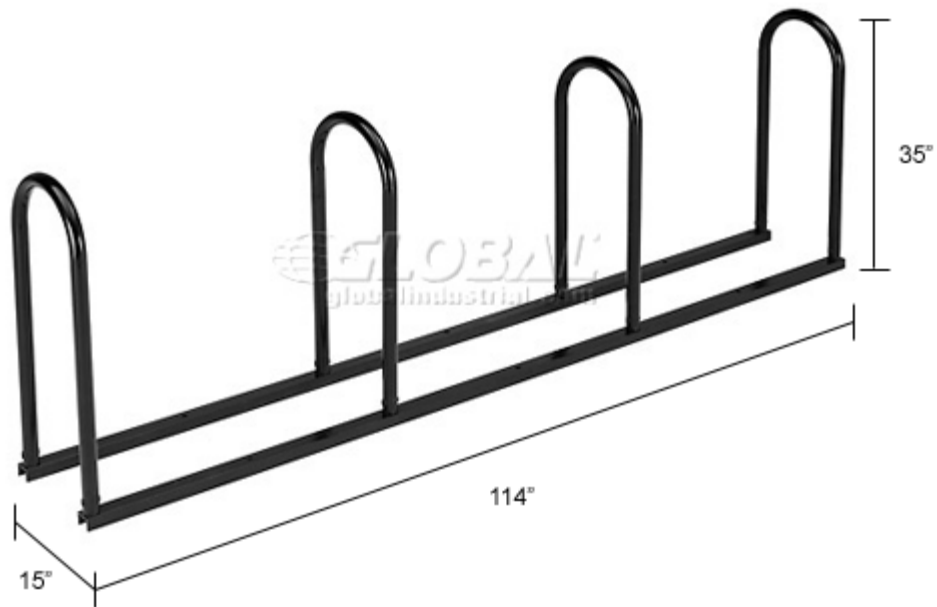

U-Channel Base Rails  
Allow Freestanding Use or  
Can Be Anchored  
(Mounting Hardware Not Included)

Accepts Bike Locks  
and Security Cables  
to Secure Bicycles  
in the Upright Position  
(Locks Not Included)

Four U-Rails Allow Double-Sided Bike Attachment to Hold up to 8 Bikes
